	PRESERVATIVE	PRESERVATIVE	-	1.0
E	CYTOBIOL™ IRIS A²	PROPANEDIOL, WATER, ALCOHOL, IRIS FLORENTINA ROOT EXTRACT, ZINC SULFATE, RETINYL PALMITATE	Gattefossé	5.0
				100.0

Operating instructions

- Disperse Carbopol® Ultrez 30 in water. Mix during 10 minutes then add Satiaxane™ CX91.
- Heat A and B to 75 °C.
- Under rapid mixing (Rotor/Stator 2000 rpm), add A to B.
- Maintain rapid mixing for about 5 minutes then add C.
- Continue rapid mixing for about 5 minutes.
- Cool under planetary mixing and at about 35 °C, add D and E .
- Complete cooling.

Iris Cream
1533-1.01

- + **Anti-acne**
- + **Elegant paradox**
- + **Sebum control**

Description

The Iris Cream has a rich and glossy aspect yet its texture is fresh and light. This elegant paradox between the appearance and the feel is brought to the emulsion by Emulium® 22. The skin is left soft with a fresh sensation but still with the feeling of being moisturized.

Specifications

- + Aspect:
White cream
- + pH = 5.0 ± 0.5
- + Viscosity Brookfield RV (spindle C, speed 5):
approx. 65 000 mPa.s after 24h

Ingredients

- **Emulium® 22** at 4% creates an elegant paradox between a rich and creamy appearance and an evanescent feel.
- **Labrafac™ CC** is an ECOCERT approved emollient which improves the feel and spreadability on the skin.
- Carbomer and Xanthan Gum are gelling agents that help to stabilize.
- **Cytobiol™ Iris A²** is an active ingredient for acne-prone skin which improves the overall appearance of the complexion by decreasing skin shine and the number of open pores; each of its component targets one cause of acne.
